TRANSACTIONS OF THE

ILLINOIS STATE ACADEMY OF SCIENCE

INDEX TO VOLUME 31, 1938-1939

NOTE.—Articles are classified by author, by title, and also are grouped under the following subjects: Academy business, agriculture, anthropology, botany, chemistry, geography, geology, physics, psychology and education, and zoology. Since 1930 the *Transactions* have been issued quarterly. The number of the quarterly issue is given in parentheses.

A

Academy business

Affiliated high school science clubs and scientific societies (4): 290-2
Affiliations, Report of committee on (4): 279-80
American Association for the Advancement of Science:
  Report of representative to the Academy Conference of (4): 280-1
  Report of committee on Research awards (4): 280
Annual meeting, Minutes of 32d (4): 273-4
Auditing committee's report (4): 277
Conservation Council, Report of delegate to (4): 282
Conservation of archaeological and historical sites, Report of committee on (4): 282
Conservation, Report of committee on (4): 281
Council meetings, Minutes of (4): 271-2
Ecological bibliography, Report of committee on compilation of (4): 282
Editor's report (4): 278
High school science and clubs, Report of committee on (4): 284-5
Junior Academy, Winners of awards (4): 286-90
Librarian's report (4): 278-9
Membership, Report of committee on (4): 283
Memoirs:
  Atwell, Charles Beach (1): 37-8
  Hildebrand, Louis E. (1): 39
  Slocum, Arthur Ware (1): 40
Officers and committees, Reports of (4): 273-86
Publications committee, Report of (4): 283

Academy business—*continued*

Resolutions committee, Report of (4): 283-4
Science Club Service, Annual report (4): 285-6
Section chairmen, Reports of 1938 (Springfield) meeting:
  Agriculture: (Roberts) (2): 61
  Anthropology: (Ruyle) (2): 67
  Botany: (Houdek) (2): 83
  Chemistry: (Thiessen) (2): 117
  Geography: (Crist) (2): 155
  Geology: (Bonnell) (2): 169
  Physics: (Paton) (2): 191
  Psychology: (Melrose) (2): 219
  Zoology: (Beaver) (2): 233
Treasurer's report (4): 275-7
Activities of the amateur radio station W9UIH during the 1937 Ohio River flood (Dillinger and Green) (2): 194-5
Adams, L. A., Some otoliths of Illinois fishes (2): 234-6
Address of the retiring president—Geologic records of a rhythmic nature (Wanless) (1): 7-14
Advances in the renewable natural resources program of Illinois (Frison) (1): 19-34
Affiliated high school science clubs (4): 290-1

Agriculture

Badger, C. J., The trailing wild bean in southern Illinois (2): 62
Chairman of 1938 meeting, Report of (Roberts) (2): 61
Changes in size of rural families (Lindstrom) (2): 63-4
Lindstrom, D. E., Changes in size of rural families (2): 63-4
Manganese as a factor in the fertility of southern Illinois soils (Snider) (2): 65-6

Agriculture—*continued*
Rural families, Changes in size of (Lindstrom) (2): 63-4
Snider, H. J., Manganese as a factor in the fertility of southern Illinois soils (2): 65-6
Air-conditioning engineer, One of the problems of the (Wray) (2): 216-18
Almy, G. M., and Fuller, H. Q., Fluorescence and photochemistry of diacetyl (2): 196-7
Ammonolysis of butyl halides (Cheronis) (2): 126-8
Ammonolyzed epinephrine conjugates and their pressor action in dogs (Roberts and Horvitz) (2): 141-3
Analysis of the rare earth group, Progress in the (Hopkins and Taebel) (2): 136-7
Anomaly of the venus system in a cat, showing paired superior and inferior vena cavae (McMullen and Clark) (2): 247-8
Anthropology
Arrowhead, The making of an (Harris) (2): 71-3
Barton, Thomas F., and Peithman, Irvin, Evidences of early woodland culture at Chalk Bluff rock shelter (2): 74-6
Bluff mounds of Fulton County, Hopewell traits in (Wray) (2): 81-2
Bluff shelters of Union County (Thomas) (2): 77-8
Chairman 1938 meeting, Extract from the report of (Ruyle) (2): 67
Chalk Bluff rock shelter, Evidences of early woodland culture at (Peithman and Barton) (2): 74-6
Deuel, Thorne, Lower Mississippi traits in the Middle phase in Illinois (2): 68-70
Evidences of early woodland culture at Chalk Bluff rock shelter (Peithman and Barton) (2): 74-6
Fulton County, Hopewell traits in certain bluff mounds of (Wray) (2): 81-2
Harris, Charles, The making of an arrowhead (2): 71-3
Hopewell traits in certain bluff mounds of Fulton County (Wray) (2): 81-2
Illinois, Lower Mississippi traits in the Middle phase in (Deuel) (2): 68-70
Lower Mississippi traits in the Middle phase in Illinois (Deuel) (2): 68-70
North America, Religious beliefs of prehistoric man of (Wheaton) (2): 79-80
Peithman, Irvin and Barton, Thomas F., Evidences of early woodland culture at Chalk Bluff rock shelter (2): 74-6
Anthropology—*continued*
Prehistoric man of North America, Religious beliefs of (Wheaton) (2): 79-80
Religious beliefs of prehistoric man of North America (Wheaton) (2): 79-80
Rock shelter, Evidences of early woodland culture at Chalk Bluff (Peithman and Barton) (2): 74-6
Thomas, C. Joe, Bluff shelters of Union County (2): 77-8
Union County, Bluff shelters of (Thomas) (2): 77-8
Wheaton, Harry B., Religious beliefs of prehistoric man of North America (2): 79-80
Woodland culture, Evidences of early woodland culture at Chalk Bluff rock shelter (Peithman and Barton) (2): 74-6
Wray, Donald E., Hopewell traits in certain bluff mounds of Fulton County (2): 81-2
Air-conditioning engineer, One of the problems of (Wray) (2): 216-18
Argon bulb prepared in 1931, Report on the "flash" in (Knipp) (2): 202-3
Astell, Louis A., Audio-visual aids in chemistry at the secondary level (2): 118-21
Astronomy—Winners of Junior Academy awards (4): 289
Atwell, Charles Beach, (Memoir) (1): 37-8
Audio-visual aids in chemistry at the secondary level (2): 118-21
Audrieth, L. F., and Sisler, H., Structural and chemical similarities of hydrogen peroxide, hydroxylamine and hydrazine (2): 144-5
Audrieth, L. F., Sveda, M., and Butler, Sister M. Josetta, Sulfamic acid and its derivatives (2): 146
Awards, Winners of (See Academy business)

B

Badger, C. J., The trailing wild bean in southern Illinois (2): 62
Bark growth in tropical trees (Fuller) (2): 99-101
Baldes, E. J. and Johnson, A. F., A thermoelectric method of measuring osmotic pressures (2): 198-200
Barton, Thomas F., Some geographic aspects of soil erosion in Illinois (2): 156-60
Barton, Thomas F., and Peithman, Irvin, Evidences of early woodland culture at Chalk Bluff rock shelter (2): 74-6

Basicladia in Illinois (Marshall and Hague) (2): 111-12
Beaver, Paul C., Extract from the report of the zoology section chairman (2): 233
Bell, Alfred H., The new Centralia, Illinois, oil field (2): 170-1
Bennett, C. W., Modernizing the beginning course in chemistry (2): 122-3
Bluff shelters of Union County (Thomas) (2): 77-8
Boewe, G. H., Diplodia ear rot in Illinois cornfields (2): 92-3
Bosley, Howard, Reading difficulties of college freshmen (2): 220-1
Booth, Alfred W., Lake district of northeastern Illinois and southeastern Wisconsin (2): 161-2
Botany
Advances in the renewable natural resources program of Illinois (Frison) (1): 19-34
Angiosperm phylogeny, Comparative anatomy and (Tippo) (2): 105-6
Bark growth in tropical trees (Fuller) (2): 99-101
Basicladia in Illinois (Marshall and Hague) (2): 111-12
Biological sciences, College grades in, as related to secondary school training (Thut and Stover) (2): 115-16
Boewe, G. H., Diplodia ear rot in Illinois cornfields (2): 92-3
Bradley, S. Ray, Forest distribution in Crawford County, Illinois (2): 96-8
Carter, J. C., *Verticillium albo-atrum*, cosmopolitan tree parasite (2): 89-91
Chairman of 1938 meeting, Report of (Houdek) (2): 83
College grades in the biological sciences as related to secondary school training (Thut and Stover) (2): 115-16
Comparative anatomy and angiosperm phylogeny (Tippo) (2): 105-6
Cornfields, Diplodia ear rot in Illinois (Boewe) (2): 92-3
Crawford County, Illinois, Forest distribution in (Bradley) (2): 96-8
Cosmopolitan tree parasite, *Verticillium albo-atrum* (Carter) (2): 89-91
Cycadophyte (A new) and its relatives (Schopf) (2): 107-9
Diplodia ear rot in Illinois cornfields (Boewe) (2): 92-3
Ecological aspects of host specialization in fungi (Tehon) (2): 84-8
Forest distribution in Crawford County, Illinois (Bradley) (2): 96-8
Frison, Theodore H., Advances in the renewable natural resources program of Illinois (1): 19-34
Fuller, G. D., Growth rings of the oak as related to precipitation in Illinois (2): 102-4
Fuller, Harry J., Bark growth in tropical trees (2): 99-101
Fuller, Harry J. and Hanley, John H., The production of roots by cuttings of annual plants under the influence of indole-butyric acid (2): 94-5
Fungi, Ecological aspects of host-specialization in (Tehon) (2): 84-8
Grades (College) in the biological sciences as related to secondary school training (Thut and Stover) (2): 115-16
Growth rings of the oak as related to precipitation in Illinois (Fuller) (2): 102-4
Hague, Stella M., and Drexler, Robert V., Recent collections of Illinois liverworts (2): 113-14
Hague, Stella M., and Marshall, Flossie T., *Basicladia* in Illinois (2): 111-12
Hanley, John H., and Fuller, Harry J., The production of roots by cuttings of annual plants under the influence of indole-butyric acid (2): 94-5
Hardin County, Illinois, A list of lichens from (Hartline) (2): 110
Hartline, Opal C., A list of lichens from Hardin County, Illinois (2): 110
Host specialization in fungi, Ecological aspects of (Tehon) (2): 84-8
Houdek, P. K., Extract from the report of the botany chairman (2): 83
Illinois, Advances in the renewable natural resources program of (Frison) (1): 19-34
Illinois, *Basicladia* in (Marshall and Hague) (2): 111-12
Illinois cornfields, Diplodia ear rot in (Boewe) (2): 92-3
Illinois, Growth rings of the oak as related to precipitation in (2): 102-4
Indole-butyric acid, The production of roots by cuttings of annual plants under the influence of (Fuller and Hanley) (2): 94-5
Lichens from Hardin County, A list of (Hartline) (2): 110
Liverworts, Recent collections of (Hague and Drexler) (2): 113-14
Marshall, Flossie T., and Hague, Stella M., *Basicladia* in Illinois (2): 111-12
Natural resources program of Illinois, Advances in the renewable (Frison) (1): 19-34

Parasite (cosmopolitan tree), *Verticillium albo-atrum*, (Carter) (2): 89-91
Phylogeny, Comparative anatomy and angiosperm (Tippo) (2): 105-6
Precipitation in Illinois, Growth rings of the oak as related to (Fuller) (2): 102-4
Production of roots by cuttings of annual plants under the influence of indole-butyric acid (Fuller and Hanley) (2): 94-5
Schopf, James M., A new cycadophyte and its relatives (2): 107-9
Secondary school training, College grades in the biological sciences as related to (Thut and Stover) (2): 115-16
Stover, E. L., and Thut, H. F., College grades in the biological sciences as related to secondary school training (2): 115-16
Tehon, L. R., Ecological aspects of host specialization in fungi (2): 84-8
Thut, H. F. and Stover, E. L., College grades in the biological sciences as related to secondary school training (2): 115-16
Tippo, Oswald, Comparative anatomy and angiosperm phylogeny (2): 105-6
Tropical trees, Bark growth in (Fuller) (2): 99-101
Verticillium albo-atrum, cosmopolitan tree parasite (Carter) (2): 89-91
Bradley, S. Ray, Forest distribution in Crawford County, Illinois (2): 96-8
Bradley, W. F., Some concepts of the relationship between the chemical compositions and structures of clay minerals (2): 130-1
Brown, H. A. and Ryburn, P. W., Use of the conventional saw-tooth oscillator to generate steep wave front impulses (2): 192-3
Bucher, Grace R., A statistical approach to the problem of acid secretion by the gastric glands (2): 237-8
Butler, Sister M. Josetta, Sveda, M., and Audrieth, L. F., Sulfamic acid and its derivatives (2): 146

C

Cat, An anomaly of the venous system in a, showing paired superior and inferior vena cavae (McMullen and Clark) (2): 247-8
Carter, J. C., *Verticillium albo-atrum*, cosmopolitan tree parasite (2): 89-91
Centralia, Illinois, (The new) oil field (Bell) (2): 170-2
Changes in size of rural families (Lindstrom) (2): 63-4
Chemical and structural similarities of hydrogen peroxide, hydroxylamine and hydrazine (Sisler and Audrieth) (2): 144-5

Chemistry

Ammonolysis of butyl halides (Cheronis) (2): 126-8
Ammonolyzed epinephrine conjugates and their pressor action in dogs (Roberts and Horvitz) (2): 141-3
Analysis of the rare earth group, Progress in the (Hopkins and Taebel) (2): 136-7
Astell, Louis A., Audio-visual aids in chemistry at the secondary level (2): 118-21
Audio-visual aids in chemistry at the secondary level (Astell) (2): 118-21
Audrieth, L. F., and Sisler, H., Structural and chemical similarities of hydrogen peroxide, hydroxylamine and hydrazine (2): 144-5
Audrieth, L. F., Sveda, M., and Butler, Sister M. Josetta, Sulfamic acid and its derivatives (2): 146
Bennett, C. W., Modernizing the beginning course in chemistry (2): 122-3
Benzotrifluoride, The mono-nitration of, (Finger, Nachtrieb and Reed) (2): 132-5
Biochemistry, Inorganic salts in (Pribram) (2): 147-53
Bradley, W. F., Some concepts of the relationship between the chemical compositions and structures of clay minerals (2): 130-1
Butler, Sister M. Josetta, Sveda M., and Audrieth, L. F., Sulfamic acid and its derivatives (2): 146
Butyl halides, The ammonolysis of (Cheronis) (2): 126-8
Chairman, 1938 meeting, Extract from report of (Thiessen) (2): 117
Chemical and structural similarities of hydrogen peroxide, hydroxylamine and hydrazine (Sisler and Audrieth) (2): 144-5
Chemistry at the secondary level, Audio-visual aids in (Astell) (2): 118-21
Chemistry, Modernizing the beginning course in (Bennett) (2): 122-3
Chemistry, Winners of Junior Academy awards (4): 288
Cheronis, Nicholas D., Laboratory experiments for an introductory course in organic chemistry (2): 124-5

Chemistry—*continued*
Cheronis, Nicholas D., The ammonolysis of butyl halides (2): 126-8
Cheronis, Nicholas D. and Freud, Henrietta, Four years of the physical science survey course—An appraisal (2): 129
Clay minerals, Some concepts of the relationships between their chemical compositions and structures (Bradley) (2): 130-1
Coals (Colorado), Resins and waxes in (Dapples) (2): 176-7
Environment, Research (Keyes) (2): 138
Epinephrine conjugates (Ammonolyzed) and their pressor action in dogs (Roberts and Horvitz) (2): 141-3
Finger, G. C., Nachtrieb, N. H., and Reed, F. H., The mono-nitration of benzotrifluoride (2): 132-5
Freud, Henrietta, and Cheronis, Nicholas D., Four years of the physical science survey course—An appraisal (2): 129
Gasoline refining, Modern (Lowry) (2): 139-40
Halides (butyl), The ammonolysis of, (Cheronis) (2): 126-8
Hopkins, B. S. and Taebel, W. A., Progress in the analysis of the rare earth group (2): 136-7
Hydrogen peroxide, hydroxylamine and hydrazine, Structural and chemical similarities of (Sisler and Audrieth) (2): 144-5
Inorganic salts in biochemistry (Pribram) (2): 147-53
Keyes, D. B., Research environment (2): 138
Laboratory experiments for an introductory course in organic chemistry (Cheronis) (2): 124-5
Lowry, C. D., Jr., Modern gasoline refining (2): 139-40
Manganese as a factor in the fertility of southern Illinois soils (Snider) (2): 65-6
Mono-nitration of benzotrifluoride (Finger, Nachtrieb and Reed) (2): 132-5
Nachtrieb, N. H., Finger, J. C., and Reed, F. H., The mono-nitration of benzotrifluoride (2): 132-5
Organic chemistry, Laboratory experiments for an introductory course in (Cheronis) (2): 124-5
Physical science survey course, An appraisal of four years of the (Cheronis and Freud) (2): 129
Chemistry—*continued*
Pressor action in dogs, Ammonolyzed epinephrine conjugates and (Roberts and Horvitz) (2): 141-3
Pribram, Ernest A., Inorganic salts in biochemistry (2): 147-53
Rare earth group, Progress in analysis of the (Hopkins and Taebel) (2): 136-7
Reed, F. H., Finger, J. C., and Nachtrieb, N. H., The mono-nitration of benzotrifluoride (2): 132-5
Research environment (Keyes) (2): 138
Resins and waxes in Colorado coals (Dapples) (2): 176-7
Roberts, Richard G. and Horvitz, Herman J., Ammonolyzed epinephrine conjugates and their pressor action in dogs (2): 141-3
Sisler, H. and Audrieth, L. F., Structural and chemical similarities of hydrogen peroxide, hydroxylamine and hydrazine (2): 144-5
Some concepts of the relationship between the chemical compositions and structures of clay minerals (Bradley) (2): 130-1
Structural and chemical similarities of hydrogen peroxide, hydroxylamine and hydrazine (Sisler and Audrieth) (2): 144-5
Sulfamic acid and its derivatives (Sveda, Butler and Audrieth) (2): 146
Sveda, M., Butler, Sister M. Josetta and Audrieth, L. F., Sulfamic acid and its derivatives (2): 146
Taebel, W. A., and Hopkins, B. S., Progress in the analysis of the rare earth group (2): 136-7
Thiessen, G. W., Extract from the report of the section chairman (2): 117
Winners of Junior Academy awards (4): 288
Cheronis, N. D., Ammonolysis of butyl halides (2): 126-8
Cheronis, N. D., Laboratory experiments for an introductory course in organic chemistry (2): 124-5
Cheronis, N. D. and Freud, H., Four years of the physical science survey course—An appraisal (2): 129
Clark, W. W., and McMullen, D. B., An anomaly of the venous system in a cat, showing paired superior and inferior vena cavae (2): 247-8
Coal balls as an index to the constitution of coal (Schopf) (2): 187-9

Cohee, Geo. V., Rotary drilling in Illinois (2): 173-5
College grades in the biological sciences as related to secondary school training (Thut and Stover) (2): 115-16
Colorado coal, Resins and waxes in (Dapples) (2): 176-7
Comparative anatomy and angiosperm phylogeny (Tippo) (2): 105-6
Cooke, Robert Locke, A new approach to high school science teaching (2): 222-3
Cutshall, A. D., Muskingum climatic study (2): 163-5
Cycadophyte (A new) and its relatives (Schopf) (2): 107-9

D

Dapples, E. C., Resins and waxes in Colorado coals (2): 176-7
Deuel, Thorne, Lower Mississippi traits in the Middle phase in Illinois (2): 68-70
DeVries, John, Furrow, C. L., and Way, H. E., Single crystals of dilute solid solutions of iron in zinc (2): 215
Differential modification of embryonic development of organs in twins and double monsters of salt-water minnows (Hinrichs) (2): 243-4
Dillinger, Joseph, and Green, Frank, Activities of the amateur radio station W9UIH during the 1937 Ohio River flood (2): 194-5
Diplodia ear rot in Illinois cornfields (Boewe) (2): 92-3
Doru aculeatum aculeatum (Scudder), earwig from a marsh in northern Illinois (Werner) (2): 249
Drexler, R. V. and Hague, Stella M., Recent collections of Illinois liverworts (2): 113-14

E

Earwig *Doru aculeatum aculeatum* (Scudder), from a marsh in northern Illinois (Werner) (2): 249
Ecological aspects of host specialization in fungi (Tehon) (2): 84-8
Essenberg, J. M. and Zikmund, Anton, X-rays as causative factors of sex reversal in the developing chick (2): 239-42
Evidences of early woodland culture at Chalk Bluff rock shelter (Peithman and Barton) (2): 74-6
Examination, A preliminary investigation of types which provide the most satisfactory basis for giving grades (Stewart and Galloway) (2): 231-2

F

Finger, G. C., Nachtrieb, N. H., and Reed, F. H., The mono-nitration of benzotrifluoride (2): 132-5
Firefly (On the path of the) while periodically flashing (Knipp) (2): 245-6
Fisher, M. C. and Noé, A. C., A list of coal ball plants from Calhoun, Richland County, Illinois (2): 178-81
Fluorescence and photochemistry of diacetyl (Fuller and Almy) (2): 196-7
Forest distribution in Crawford County, Illinois (Bradley) (2): 96-8
Freud, Henrietta, and Cheronis, Nicholas D., Four years of the physical science survey course—An appraisal (2): 129
